

HIGH FIVE

**We need you – so please
follow these five safety tips**

Be visible

and bring a flashlight
and wear high visibility
clothing.

Slow down

in traffic and when you
deliver packages.

Check

the accessibility
before you unload.

Be aware

of the weight of
your packages. Do
you need to use a
hand sack or a stair
climber?

Call

your supervisor
if you have any
problems.

**BE SEEN,
BE SAFE.**
